

Thank you for returning
your leased vehicle!

**What
happens
next?**

We're here to make lease-end simple and here's **what you'll need to know after you've returned your vehicle.**

Make sure you:

- Have paid all contracted payments and miscellaneous fees due to TFS. This does not include excessive wear and use charges, over mileage or disposition fees, these will be billed to you soon, if applicable.
- Returned all original equipment such as **all** sets of keys, floor mats, headrests, tonneau covers, etc. with your vehicle. If items are missing at the time you return, your Lease End Invoice may reflect charges for those items.
- Retain a copy of the completed odometer statement for your records.
- Immediately cancel any electronic payments that you may have set-up.

Inspection:

- If you did not complete an inspection prior to returning your vehicle, one will be completed within a few days by a third party inspection company.
- If you did complete an inspection prior to returning and have repaired damages or returned missing equipment, request a second inspection with the Dealer or TFS right away. Failure to do so will include original condition report charges on Lease End Invoice.

The dealership is not responsible for providing estimates on vehicle condition or potential excess wear and use charges, these will come from TFS.

Termination and Fees:

- If you returned your lease prior to your maturity date, any applicable charges may depend on how early you returned your vehicle.
- TFS will send you a Lease End Satisfaction letter or Lease End Invoice.
 - Lease End Invoice will include any unpaid payments, late fees, miscellaneous charges or excessive wear and use charges, which may be taxable.
 - If you purchased TFS Excess Wear & Use Protection Program at lease inception TFS will automatically file the claim and update Lease End Invoice once the claim or credit is paid.
 - A disposition fee, meant for reconditioning and disposal of the vehicle may be charged as part of your lease agreement. TFS will waive that fee if you purchase or lease a new or certified Toyota with TFS within 30 days of return.
- If a security deposit was collected at lease inception, it will be returned to your home address, regular mail, via check. It will first be used to cover any Lease End Invoice charges (if applicable).

If you have any questions about your lease-end obligations, contact TFS at **800-286-0652**.
